Dear Sir:

Petition

Applicant hereby petitions the Commissioner to withdraw the above-captioned application from issue.

Pursuant to 37 CFR §1.313(c)(2), Applicant is simultaneously filing a Request For Continued Examination in compliance with 37 CFR §1.114, along with an Amendment including a number of amendments to the claims of a clerical, typographical and/or minor nature.

Showing of Good Cause

The following constitutes Applicant's showing of good and sufficient reasons why withdrawal of the application from issue is necessary, and Applicant's identification of some specific and significant defect in the allowed application.

Customer No. 23456

In reviewing the application Applicant's counsel discovered a number of errors of a clerical, typographical and/or minor nature in the claims, all as set forth in detail in the Amendment filed simultaneously herewith.

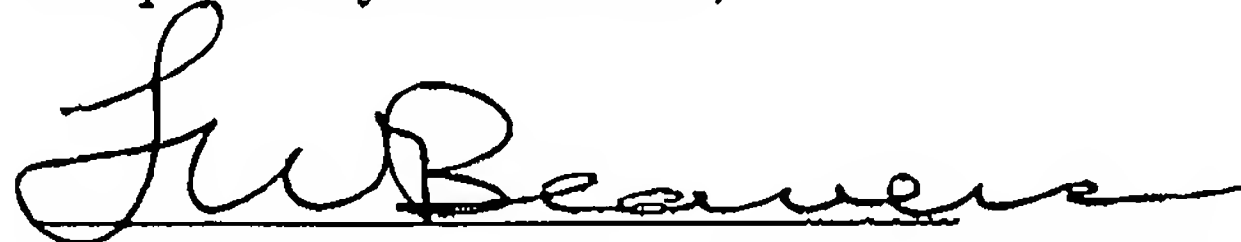

One example of "some specific and significant defect in the allowed application" is that in the previous amendment to claim 31 in the next to last paragraph thereof, there is a lack of clarity regarding the antecedent basis for the term "output shaft" (first occurrence). The present amendment changes the order of the language of claim 31 to clarify that antecedent basis.

#### Petition Fee

The Commissioner is authorized to charge the petition fee under 37 C.F.R. §1.17(h) as well as any additional charge associated with the filing of this Petition to Deposit Account 23-0035.
